

June 5, 1973 - Wed.

Dear Vicki and Jim,

It is a very rainy day and has been like this all week. The Governors conference is here and I know they will never see even a glimpse of Mt. Rainier.

Our yard is beautiful and I hope it will look this nice by the time you get here. The rhododendrons and azaleas have been just beautiful. If I can just manage to keep the slugs from eating my flower plantings, I will have a pretty flower garden this summer.

I certainly hope the big trip will go thru. It should be a nice trip on the boat this time of the year and then Jim, to be met by Vicki in Mavella is just too exciting.

Vicki I think it is really

great that you plan to see us
before leaving for Manila.

Mary and I are already
making notes of few things to
do.

Mary is feeling good and she
is being given three showers.
Kim and Dianne are giving one
the 12 of this month. Maxine
McNair is giving one with all
the neighbors. Judy and Ruthie
and Marge Jewett are giving one
at Marge's house. Marty is
invited and Marie Donnelly, al-
though it is really a family
shower. We are all interested
to see how Marty and Lillian
get along.

I am going out now and mail
this and do some shopping.

Love,

Mom.
